

Rockwell Part

Rockwell Part - AxleTech International is a premier supplier in the globe of specialty vehicle drive-train systems and parts along with off highway vehicles. The company prides itself on being its customers' preferred supplier. AxleTech strives to exceed and meet their clients' expectations for delivery, quality, service and technology. They believe in working in an atmosphere which supports the utmost integrity with empowered collaboration, together with a unrelenting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively utilizing principals of ecological safety and stewardship in how they do business. The business has put different programs in place so as to articulate these values within their business policy. AxleTech gladly shares this policy and welcomes interested parties to provide them with any questions or comments, as they are happy to promote and share this policy with a greater understanding of their efforts. They are very dedicated to improving and preserving the environment. AxleTech has an EHS program which not just protects the natural environment but which even actively protects their staff and neighbors too.

AxleTech specializes in the manufacture and designing of planetary axles utilized for both military and commercial applications, which may consist of anything from construction equipment to airport ground support. They take great pride in being a ground-breaking drive-train solutions provider too. AxleTech specifically designs axles so as to meet specific application demands. They have over 1000 different axle specs within their present offering. With more than 100+ years of history and skill, AxleTech proudly supplies the most complete solution for any of your axle requirements. The business is well known in several military and commercial applications. They offer complete axle assemblies used for aftermarket replacement needs, together with servicing axle needs for OE production. Their high mobility ISAS have further details which could be seen in the "ISAS" product collection.
